Assignment 5: Animation – Grading Rubric

The following grading rubric is a recommended grading rubric for student’s assignment submission for Assignment 5: Animation. Teachers can change this grading rubric as they see fit.

Each of the four criteria types is worth up to 5 points for a total of 20 points possible. Using a scale of 1-5 (1 being "Did Not Meet Expectations" and 5 being "Exceeds Expectations"), fill in the chart below to determine the student’s grade.

		POINT SCALE				
		Does Not Meet Expect.		Meets Expect.		Exceeds Expect.
TYPE	CRITERIA DESCRIPTION	1	2	3	4	5
Storyboard Complete	<ul style="list-style-type: none"> Completed storyboard before coding the program Animation tells a story and/or has a consistent theme The final program reflects the planning on the storyboard 					
Code-Writing Score	<ul style="list-style-type: none"> All code works as intended with no errors Code includes correct number of circles, lines and polygons as indicated in the lab assignment handout 					
Quality of Animation	<ul style="list-style-type: none"> The graphics are clear and support the theme of the animation Applies concepts learned in graphics unit correctly to create the program 					
Reflection Questions	<ul style="list-style-type: none"> All questions completed Answers thoroughly describe process of creating the animation Process described reflects iteration and development of ideas as student moved from brainstorming to coding of final project. 					
TOTAL POINTS:
