

Classmate Summer Vacation Photo Album Assignment.

- You are on a summer vacation with your remaining classmates. You will need to take multiple pictures of each of them, and create a summer vacation photo album.
- The destination will be of your choice, but you must include everyone. It's an album, so not everyone will be in every picture, **HOWEVER** the album must include pictures of everyone. I would suggest taking multiple photos of your classmates doing different things, making different faces, different gestures, ect... with a simple white background.

*****Please keep these school appropriate.*****

- In your vacation photo album, you will include 10-15 photos. It's a vacation so you should be doing different things and be in different places. For example, maybe you went white water rafting, had lunch at a taco shack, and went star gazing...your album should include pictures of you and your classmates doing those things.
- **(YOUR DESTINATION MUST BE APPROVED BY ME)**
- I will leave the creativity up to you, but, you must include you, and/or your classmates in every photo (yes this means people have to be in **EVERY** picture). No pictures of sunsets, sorry. Here are some suggestions:
 - Eating out for a meal
 - A car ride
 - Plane ride
 - Hanging out at the beach
 - Skydiving
 - Mountain Climbing
 - Going to a concert
 - You get the idea....be creative, and remember you must keep the destination theme in your photos. If your destination is China, then all activities and photos should be in China.

Have fun with this final assignment of the year! I expect great thing 😊
