

Where's Waldo – Final Exam Project Description

You will create your own Where's Waldo picture. You will be given a checklist of items that must be included in your project. You may choose any background that you would like. You may also choose if you want to create an animated picture or if you want a realistic (real life) background. The final product requires you to submit two color prints of your final project. Please see the list below, the rubric, and the Where's Waldo checklist provided in order to FULLY understand what you must do for this final exam.

1. Read all instructions and understand the rubric.
2. Make sure you have the checklist printed off.
3. Create your Where's Waldo Picture.
 - a. Choose your own background, scene, real or animated...
 - b. You must use Illustrator to create your Where's Waldo Picture.
 - c. **Remember your project should include much more than just the required items. Refer to https://en.wikipedia.org/wiki/Where%27s_Wally%3F for more information on the busy-ness of what a Where's Waldo picture should look like.**
4. You MUST include all 35 items on the checklist provided.
5. You must Print off two color copies of the finished product.
 - a. Copy #1 should be the finished product as it would be seen in a book.
 - b. Copy #2 should have all of the items circled like an answer key to your picture.
6. You MUST email the Illustrator file to Mr. Philip.
7. Double and Triple check to make sure that you have included ALL 35 items on the checklist.
8. Did you triple check? Really?
9. Submit final project with your name and class hour on the BACK of the printed copies.

Your exam is due on December 8th. Please use your time wisely as no late exams will be accepted. Wherever you are, at the end of the day on December 8th is what you will have to submit.

Remember to follow all of the instructions AND read the rubric so you know what you're being graded on.
